

Tooling Apprenticeship Applications

Spirit AeroSystems Oklahoma Operations in partnership with UAW Local 952 are proud to announce the Tulsa Apprenticeship Program; this endeavor realizes the key goals of maintaining a highly skilled workforce are enhancing earning opportunities and long term employment for employees in critical bargaining unit skilled classifications. Members now have the chance to receive world class, on the job, and class room training to gain skills and knowledge that they will be able to use for a lifetime. We would like to take this opportunity to thank you for applying to participate in this program. Please feel free to speak to any UAW or Spirit HR Representative about the benefits of this career changing program.

We are now taking applications for the Tooling Apprenticeship Program; the application period is 10 days, beginning **Monday, November 14** through **Wednesday, November 29, 2022**. Electronic application and packets are located on the Oklahoma Operations **Leave, Shift Transfer & Bid** SharePoint, or hard copies can be picked up from any zone committeeperson.

Completed applications will need to be emailed to **GRP TUL LABOR**.
